

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (original) A method for treating a person suffering from a cellular proliferation disorder characterized by increased angiogenesis comprising:  
administering to the person a composition comprising an extract of sea bindweed.
2. (original) The method of claim 1, wherein said administering is performed on a schedule selected from daily administration, twice daily administration, and thrice daily administration.
3. (currently amended) The method of claim 1-~~or~~2, wherein said administering is performed at least once daily for a period of between about one week to about 4 months.
4. (currently amended) The method of ~~any preceding claim 1~~, wherein said administering is performed at a daily dose of between about 500 mg to about 2000 mg.
5. (currently amended) The method of ~~any preceding claim 1~~, wherein said administering is selected from the group consisting of oral administration and parenteral administration.
6. (currently amended) The method of ~~any preceding claim 1~~, wherein said cellular proliferation disorder is selected from the group consisting of colorectal cancer, breast cancer, lung cancer, ovarian carcinoma, osteocarcinoma, cancers of the head and neck cancer.
7. (original) A composition for treating a cellular proliferation disorder characterized by increased angiogenesis, comprising:  
an extract of sea bindweed, and derivatives thereof; and  
a physiologically acceptable carrier.
8. (currently amended) The composition of claim 8~~7~~, wherein the cellular proliferation disorder is selected from the group consisting of colorectal cancer,

breast cancer, lung cancer, ovarian carcinoma, osteocarcinoma, cancers of the head and neck cancer.

9. (currently amended) The composition of claim 87, wherein the cellular proliferation disorder is age-related macular degeneration.

10. (original) A method for treating a person suffering from an inflammatory skin condition, comprising:

administering to the person a composition comprising an extract of sea bindweed.

11. (original) The method of claim 10, wherein said administering is performed on a schedule selected from daily administration, twice daily administration, and thrice daily administration.

12. (currently amended) The method of claim 10-~~or~~ 14, wherein said administering is performed at least once daily for a period of between about one week to about 4 months.

13. (currently amended) The method of ~~any one of~~ claims 10-~~to~~ 12, wherein said administering is performed at a daily dose of between about 500 mg to about 2000 mg.

14. (currently amended) The method of ~~any one of~~ claims 10-~~to~~ 13, wherein said administering is selected from the group consisting of oral administration and parenteral administration.

15. (original) A composition for treating an inflammatory skin condition, comprising:

an extract of sea bindweed, and derivatives thereof; and  
a physiologically acceptable carrier.

16. (original) The composition of claim 15, wherein the inflammatory skin condition is selected from eczema and psoriasis.

17. (original) A method for promoting or maintaining weight loss in a patient, comprising:

administering to the patient a composition comprising an extract of sea bindweed.

18. (original) The method of claim 17, wherein said administering is performed on a schedule selected from daily administration, twice daily administration, and thrice daily administration.

19. (currently amended) The method of claim 17 ~~or 18~~, wherein said administering is performed at a daily dose of between about 500 mg to about 2000 mg.

20. (currently amended) The method of ~~any one of claims 17 to 19~~, wherein said administering is selected from the group consisting of oral administration and parenteral administration.

21. (original) A composition for promoting or maintaining weight loss, comprising:

an extract of sea bindweed, and derivatives thereof; and  
a physiologically acceptable carrier.
